A DENIAL FROM SMART.

Deputy minister Smart denies that the Dominion government gave any bonus to Rev. Mr. Barr.

LIVELY TIMES AT CALGARY.

Calgary teamsters have struck and twenty-three men are out. Coming at the time of general traffic congestion this is a very great inconvenience. To add to the trouble the carpenters and laborers have refused to work with material handled by non-union men. Calgary is certainly a fine town for her own. The following paragraphs from the Herald give an idea of how things are going.

The twenty-three strikers are made up as follows: Five from Cushing, five from Van Wart's, three from Briggs, three from Bassett & Johnson, four from Thomas', and three from the Dominion Carriage Company.

Mr. Smith's teamsters are not out. Mr. Van Wart called at the Herald office this afternoon and stated that the places of the strikers had been filled and that the men who had gone out could stay out.

W. H. Cushing furnished considerable amusement at his factory this morning. He took the place of one of his striking men and worked hard.

R. C. Thomas while driving one of his teams this morning was called a scab. Mr. Thomas threatened to have the man who called him a scab arrested. At noon today J. Williams, representing the Alberta Transfer company, signed the agreement with the union.

SUNDAY SCHOOL PICTIC.

The regular monthly business meeting of the Edmonton Presbyterian Sunday school was held in the basement of the church Monday evening. After the regular routine business was completed, the question of having a Sunday school picnic was discussed. It was finally decided to hold a picnic at Lac du Bonnet in the middle of July providing that satisfactory arrangements can be made with the two railways. Committees were appointed to make complete arrangements and everything will be done to insure the success of the picnic. A committee was appointed to visit Lac du Bonnet to select a suitable place for the picnic, to arrange for a suitable place for the holding of sports, etc. As this is the first month from Edmonton by train it is to be hoped that a very large number of the members of the Edmonton Presbyterian Sunday school will be present. An excellent time is expected.

C. B. Balpin, recently of the Calgary Alberta staff, has taken over the Olds Oracle.

LOCAL

—Train left Red Deer on time.

—The first copy of the "Bond of Brotherhood," the new labor paper published in Calgary, has been received at this office.

—A fire in Chas. Sandison's brickyard Sunday afternoon burned down some of the brick sheds and other frame work connected with the brickyard.

—Edmonton and Strathcona baseball teams play in Strathcona on Friday night next. Every baseball player is urgently requested to turn out to practice on the old Hudson Bay grounds tonight.

—A special meeting of the cricket club was held last evening in St. George's hall. The club's arrangements were made to have the grounds prepared for practice at once. The secretary will arrange a list of games for the season as soon as possible.

—Calgary Herald.—The protest entered by the Didsbury football club over their game with the C.P.R. team on May 25th has been allowed by the sports committee of the fire brigade, and Didsbury has been communicated with as to a date for the conclusion of the tournament.

—Free Lanes.—A flock of sea gulls was seen around Little Red Deer two or three days last week. Can any of your subscribers, who are well up in the natural history of the district, tell us the likely cause of their being here? It is the first time they have been seen in this immediate neighborhood.

—Professor Neil, one of the most famous of aerial equilibristas has been secured for the Edmonton Industrial Exhibition. He will perform on a small rope fifty feet above the ground. Among the many numerous feats he will perform are, walking on the rope enveloped in a sack, carrying three large pots of water, cooking his dinner while up on the rope, etc.

—Calgary Herald.—The Rev. J. Scott having declined the call to Knox church a meeting of the congregation was held after service last evening. Dr. Herdman stated that as acting moderator of the Calgary presbytery he was ready to issue an edict for the congregation to meet to moderate another call if the congregation was ready. As time was important he would like the views of those present. The general opinion was that the congregation should meet as soon as possible for the purpose. Dr. Herdman then issued an edict for the congregation to meet in the church at Calgary on Tuesday, the 9th of June, at 9 p.m. to moderate a call for a new minister.

EDMONTON EXHIBITION

The dates of the great Edmonton Industrial Exhibition are fast approaching and it behooves the citizens of Edmonton and the farmers in the surrounding district to consider the stand they will take in reference to it. The people of both the town and country can stand a great deal of wakening up in this matter. The first and paramount question to be considered is if the Industrial Exhibition is an advantage to Edmonton, or, in other words, to the people of our town and district. The answer to this question is so evident that really no arguments are necessary. However, we will mention a few instances wherein we are assured that the exhibition is of very great importance to our town and perhaps of still greater importance to the surrounding country. An exhibition that draws such vast crowds of people, as the Edmonton Industrial does, receives a large amount of advertising. Newspaper articles, advertising advertisements of the show, are scattered far and wide throughout North America. People flock by tens, hundreds and thousands to see in many cases, the special attractions, and at the same time, they see the products of our district displayed to the best advantage. Edmonton as a city, and Edmonton as the giver of a successful exhibition, comes in for a great deal of discussion. The attractions of the city, the wealth of the Edmonton district as revealed in the exhibits, are talked about and written about. Letters are sent to the other provinces of Canada, and also to Montana, Dakota, Michigan, Iowa, Nebraska and other western states, alluding on the exhibits. Thus, as an aid to immigration, an exhibition means a great deal to a district, especially a successful exhibition. Therefore for the people of the surrounding rural communities should do all they possibly can to assist the project.

Coming more particularly to the advantages enjoyed by Edmonton as a city, we find them much more tangible if not so great. The thousands of people who flock to the exhibition spend tens of thousands of dollars, and this money stays right in the town. Our shops and storekeepers are benefited, and our hotels take in large sums of money. In fact, there is scarcely a citizen of the town who is not benefited in one way or another. Then it is in our interest to do all we possibly can, as citizens of Edmonton, to assist the Industrial Exhibition. The enterprise of the racing committee is commendable and the Edmonton races are the talk of horsemen throughout Western Canada. The very fact that Edmonton is thus being talked of is a conclusive proof of the benefit received. Take, for example, Toronto. We immediately think of the great Toronto Industrial; Guelph, we think of the fat stock shows and we picture the country tributary to Guelph as eminently suitable for the raising of fine cattle. Winnipeg, the great Manitoba and Eastern Territorial Industrial. We desire the Edmonton Industrial to be the great exhibition of the Western Territories. This can only be done by actively aiding the exhibition by all means in our power. Let no one run away with the idea that the exhibition management will reap big profits from the fair. Even if the exhibition is a very great success they will not do much more than clear expenses, while if anything should happen to mar its success their losses will be very heavy. Therefore it is right minded citizens of Edmonton and intelligent and progressive farmers of the Edmonton district, let us see to

it that we aid the exhibition management in making the Edmonton Industrial Exhibition the great Territorial summer fair.

WHITFORD

At present Whitford is enjoying the best of weather. We are getting what is best for the crops of all kinds.

The crops are looking well although somewhat late. There is an abundant growth now so all is going well. The late spring will not be noticed in the turnout of the grain in the fall. The roads are getting good now and if this weather continues most of the mud holes will be clear.

The majority of the farmers are engaged in "fencing."

D. Desjarlais took up his spring load of furs. He had some sixteen thousand rats as well as many other hides. He is bringing down his supplies by the river.

Mr. Linklater, who has been ailing during the winter, left for the hospital in town. We hope to soon hear of his recovery.

As it may be of interest both to the people of our district and others interested in it, we give the weather report for the month of May up to the 28th. The observations were taken and recorded as below:

During the month of May there were twenty five days of mixed sunshine and shadow, one day all sunshine, and two days entirely cloudy. We had six rains or rather showers during the month. All were light. On six days we had snow. On May 19th over four inches fell, but left quickly. Thirteen days in the month the wind blew from the east. Seven days it blew from the west, three days from the north and three days from the south. During the first few days of the month there were light frosts, but the latter part has been free from frosts.

The trees have taken on a verdant appearance and the flowers are out in abundance.

Whitford, May 28th.

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

Concessors will call on the ladies shortly and it is hoped the donations will be liberal.

Winnipeg Markets

Commercial, May 30th.
Wheat.—Manitoba wheat was quite firm at the beginning of the week, but towards the close it has become easy, and buyers are very scarce. Throughout the week a good deal of spot hard wheat has been resold, on the market here by exporters who saw more profit in doing so than in shipping it. The highest price touched for hard has been 73 1/2¢ in store, Fort William. At the close of business yesterday prices were: 4 hard, 73 1/2¢; 3 northern, 72¢; 2 northern, 71 1/2¢; 1 northern, 70 1/2¢; and No. 1 wheat, 69¢, spot, or June delivery, in store, Fort William or Fort Arthur. Oats.—Supply and demand seems to be about evenly balanced, and the market is steady. Local feed prices, cash, are 24¢ per bushel for rangeland.

of No. 1 white on track here and 31¢ for 2 white. Feed grade is worth from 29 to 30 cents. At Fort William No. 1 white oats are worth 32¢ per bushel. No. 2 white, 31¢.
Barley.—The market is almost nominal, as there is no barley offering. About 30 to 31¢ per bushel is the value for feed grades at country points.

Western Coal Deposits

Free Press.
The Canadian Pacific Railway company has verified the theories of the pioneer explorers of the Northwest regarding the existence of large quantities of coal between Battleford and Edmonton. The fact was proven to the satisfaction of the company in the past few days by a party which left Saskatchewan for the ground a few weeks ago. When the early exploration of the C. P. R. right-of-way was in progress some twenty-five or thirty years ago, it was predicted by several eminent authorities, including the late Dr. Geo. Dawson, R. G. McCoun and other explorers and geologists, that the lignite beds of Medicine Hat extended north to Edmonton and from there in an easterly direction.

NOTICE.

To Contractors, Farmers and all who have machines liable to renewal or repair.

The business heretofore carried on under the name of the "Edmonton Iron Works" will now be transacted by the "Edmonton Iron Working Company" at the same place of business as in the past.

The new company is now installing new machinery so fast as it can be got upon the ground. The company is also prepared to furnish to the various trades all cast iron work and machine castings at a price that will prohibit importation of these things.

CONTRACTORS.

Contractors can procure cast iron columns of any design, with weights, ash doors, truss rods, bolts, and nuts, for building and bridging purposes, etc., on shortest reasonable notice.

FARMERS.

Farmers can have their mowers, binders and thrashers overhauled and put in first class state, thus, in any case, saving the expense of a new machine for some years.

OWNERS OF ENGINES AND BOILERS.

Competent men are always on hand to go into the country and repair engines and boilers that cannot be brought to the shops.

Tubes, steel for patches, patch bolts, etc., always on hand.

TERMS.

Terms cash, except in cases of contractors accounts.

The new company asks no favor from the public except opportunity, therefore if work is not promptly and satisfactorily performed it will be deemed sufficient reason for the discontinuance of the customer.

Customers will confer a favor upon the company by reporting any laxity or discounting by the employees in the performance of their work.

All correspondence to be addressed to:
